09/13/2022

To Whom It May Concern:

Gerald Jackson is my patient and has been under my care since 01/17/2022. I am familiar with his history and with the functional limitations imposed by his health-related issue. To help alleviate these challenges and to enhance his day to day functionality, I support him having a pet. The presence of this animal helps to provide support and stability.

Sincerely,

PA-C

Oluseyi Fashusi PA C
